

Saveetha College of Nursing
Saveetha Institute of Medical and Technical
Sciences
M.Sc Nursing

Vision

To provide continuous quality nursing education with the integration of innovative technology and high quality scientific research to meet the expectations of the Nation and Globe.

Mission

The commitment to provide academic excellence: to promote and preserve the highest values and ethics of education in health care and in research to meet the expectations of society with greater humanity.

M.Sc(Nursing)

PROGRAM OUTCOME	
PO1:	Utilize/apply the concepts, theories and principles of nursing science
PO2:	Engage in advanced nursing practice based on the integration of nursing science, related sciences and humanities, current evidence, clinical experience, and ethical principles.
PO3:	Demonstrate advance competence in practice of nursing
PO4:	Provide leadership in practice and education to improve healthcare quality, safety, and patient outcomes
PO5:	Participate in policy and regulatory processes to improve the healthcare delivery system, the health of the public, and the profession of nursing
PO6:	Collaborate to improve systems of care, and to optimize patient and population health outcomes.
PO7:	Design and apply culturally responsive, patient-centered, evidence-based activities for population health improvement.
PO8:	Practice as a nurse specialist.
PO9:	Demonstrate leadership qualities and function effectively as nurse educator and manager.
PO10:	Demonstrate skill in conducting nursing research, interpreting and utilizing the findings from health related research.
PO11:	Demonstrate the ability to plan and effect change in nursing practice and in the health care delivery system.
PO12:	Establish collaborative relationship with members of other disciplines
PO13:	Demonstrate interest in continued learning for personal and professional advancement.
PO14:	Use translational science to generate meaningful evidence for nursing practice.
PO15:	Incorporate an evolving personal nursing philosophy based on professional nursing standards, practice accountability, and life-long learning

COURSE DETAILS: NO1B ADVANCED NURSING PRACTICE

COURSE OUTCOME		PO MAPPING
C01	Appreciate and analyze the development of nursing as a profession.	PO5, PO15
C02	Describe ethical, legal, political and economic aspects of health care delivery and nursing practice.	PO2, PO3, PO15
C03:	Explain bio- psycho- social dynamics of health, life style and health care delivery system.	PO3, PO4, PO5
C04:	Discuss concepts, principles, theories, models, approaches relevant to nursing and their application.	PO1, PO11:
C05:	Describe scope of nursing practice and perform extended and expanded role of nurse.	PO1, PO11, PO13, PO14
C06:	Identify latest trends including alternative modalities to provide holistic and competent nursing care by applying nursing process approach and incorporating evidence based practice	PO2, PO3, PO11, PO14
C07:	Use computer in patient care delivery system and nursing practice	PO7, PO5, PO8,
C08:	Appreciate importance of self-development and professional advancement.	PO11, PO12

COURSE DETAILS: NO1D CLINICAL SPECIALTY I – OBSTETRICS AND GYNAECOLOGICAL NURSING		
COURSE OUTCOME		POMAPPING
CO1	Helps the students to understand in developing updated knowledge in current Trends in obstetrics and gynaecological nursing	PO2
CO2	Understanding anatomical terms in human reproductive system promotes the under graduate nursing students to preserve the educational values and ethics	PO1, PO3

CO3	Enhancing the students in developing clinical skills during the antenatal period including monitoring fetal wellbeing, treating minor disorders and preparation of child birth in their clinical area	PO3,PO4,PO5,PO8,PO14
CO4	Applying theoretical knowledge to identify stages of normal labour and recognize the midwife's role to preserve the professional values and ethics during handling of Intranatal mothers in their clinical area	PO1,PO3,PO8,PO14
CO5	Enhancing the students to develop the professional skills and academic excellence in during postnatal period.	PO1, PO3, PO6, PO7, PO8, PO9,PO14
CO6	Develop Competencies in meeting the societal expectations to promote excellence in neonatal care	PO1, PO3, PO6, PO7, PO8, PO9,PO14
CO7	Aiming to promote knowledge by maintaining professional ethics regarding administration drugs in obstetrics	PO1, PO3, PO7, PO8,PO10
CO8	Helping the students in promoting and gaining knowledge regarding services related to family welfare in their clinical settings	PO3,PO4,PO5,PO6, PO7, PO8, PO9,PO10, PO14
CO9	To update the knowledge and develop skills by maintaining the professional ethics in caring of couples with infertility issues and to explore about the recent treatment modalities	PO1, PO2,PO3, PO7, PO8, PO10, PO14
CO10	Helping the students to gaining knowledge regarding physiological and psychological impact during menopause aiming to provide high quality of nursing care in both rural and urban settings	PO3, PO6, PO7, PO8, PO10, PO11,PO14
CO11	Helps the students to learn about the etiological factors that ends with abortion aiming in recognizing the various types of abortion and to promote continuity of care based on professional values and ethics	PO1,PO2, PO3, PO5, PO6, , PO8, PO10, PO12
